As a Business Development & International Trade Specialist, Jackie provides assistance to business owners on topics associated with successfully owning, managing and growing a small business. She works with companies to address planning, marketing, management, financing, and international trade issues & opportunities. Assistance is provided via one-on-one consultations and training.

Jackie completed national accreditation as Certified Global Business Professional (CGBP) in 2012. She currently serves as Chair of the NASBITE International CGBP Governance Council. She also regularly provides leadership, team-building training and facilitation assistance to community groups & organizations.

Jackie has been with University of Missouri Extension for the past 23 years. She is a graduate of Oklahoma State University, where she completed both of her degrees - a BS in Marketing & Management, and a Masters in Business Administration.
